

I am writing to assure that K-LOVE, 106.7 FM, stays on the air. We are Christians and enjoy the family-friendly programming they play. So many other stations have DJ's that use profanity. This makes me very uncomfortable for my children to constantly hear, since my husband and I do not use that type of language. K-LOVE is always very upbeat, with a positive message. Our community deserves to have this type of music available. In this stressful day and time, we are so fortunate to have the freedom to choose a radio station that offers it's listeners so much hope in the future. Please don't let us lose something so dear to our community. Thank you, Kathy Warren
